

Inhabited by a swarm of extraordinary insects, each one carrying a precious gem, Beetle Jewels will fire up every player's imagination as they aim to win big.

Make your way to this enchanted forest where Scatters, Free Spins and the special expanding symbols will help you find your fortune. Beetle Jewels, a visually stunning 5-reel, 10-line slot game will not only attract players with its lively colours and illuminated gems but also take them on an ultra-exciting ride - as this high volatility game can produce some fantastic winnings.

Spin the reels at your leisure and let us worry about the celebrations. Gold coins and diamonds will cascade over the screen anytime Lady Luck smiles your way.

Scatter also acts as Wild and can replace any other symbols to form winning combinations.

3, 4 or 5 Scatter symbols anywhere on the reels will trigger 10 Free Spins. For each free spin one symbol will be chosen at random - if enough of this symbol are in view to trigger a win, they will expand to fill the reels and pay on all lines, even when in non-adjacent positions.
